Leave Your Legacy Today

Together, we are leaving an incredible legacy for future Glendale generations with the Glendale Quiet Zone. Together, we are ensuring Glendale is a great place to live, eat, sleep, work and play...for all Glendale residents ...for years to come.

We're incredibly thankful to the Ohio Rail Development Commission and CSX Railroad for funding the lion's share of this project with their own and federal funds. We're also blown away by the level of commitment from many Glendale residents and two private foundations and their overwhelming charitable giving to make this a reality. The generosity of these benefactors will provide for sustainable, long-term maintenance of the Glendale Quiet Zone's operations including equipment, highly specialized computer systems and required safety measures. The Glendale Quiet Zone Initiative is charting new territory for a historical village that relishes its heritage yet believes in progress toward a peaceful place to call home. Every gift to the Glendale Quiet Zone supports this mission as well as future funding requirements.

Glendale residents treasure community-wide social events and relaxing down time equally. That quality of life balance is a major benefit of the quiet zone and we invite you to support this mission with a gift to the Quiet Zone Fund for long-term sustainability, maintenance and quality of life.
